

# Integrated Payment Processing

## Hollander CreditConnect<sup>™</sup>

CreditConnect is a payment processing solution provided in partnership with Payroc. The CreditConnect app connects Powerlink<sup>®</sup> to Payroc's payment processing system. The integrated solution simplifies the process of collecting credit and debit card payments at the point of sale.

## Introduction To Payroc

Payroc is a leading merchant service provider, with thousands of clients nationwide, processing over \$2.0B annually. Payroc is positioned to provide all Hollander customers with the solutions, service and technology they deserve along with market leading pricing.

## How The Process Works:

After a consultation with a Payroc payment professional to review your current services and fees, Payroc will set up you up with new merchant account. Afterward Payroc will work with you to install the required software, including Hollander's CreditConnect™ app to integrate and automate payment processing with Powerlink, and hardware. After that, you're ready to go!

Next Day Payment

Online Realtime Reporting

EMV Chip Card Compliant

## What This Means For You:

- Automation. Integration streamlines and simplifies payment processing.
- Efficiency. No more double entry between the point of sale and payment applications.
- Improved Bottom Line. Savings every month on your merchant fees.
- Faster Funding. Next day settlement on transactions of all card types.
- Better Fraud Protection. Compliant with new EMV card acceptance mandates.
- Always Know. Extensive online reporting, accessible anywhere from any device
- Trusted Partner. Accredited in the payment industry, supported by Hollander.
