

# Use Quality Recycled OEM Parts From Professional Auto Recyclers

## Better Value

Recycled OEM auto parts cost between 20 – 80% less than the comparable new auto part.

## Quality Assurance

Professional Recyclers in the Hollander eBay Seller network only reclaim parts meeting industry standards for quality and condition, with warranties.

## Better Fit

Courts have affirmed salvaged / recycled OEM parts are diametrically different from aftermarket parts, and are a better fit when used by the insurance and collision repair industry.

## Environmentally Responsible

Choosing recycled auto parts preserves natural resources, reduces pollution, and eliminates land fill.

## Simplicity

It's easy to have your vehicle fixed at your local repair shop using quality recycled parts you buy online from trusted recyclers.
