Note

The data issue affecting limited part types for the 2011-2014 Challenger, Charger, and 300 have been resolved in Interchange update 85.02. If you have any of these parts inventoried in Powerlink, please note they will be automatically remarked to alternate numbers so the correct Interchange number can be selected during the Verify and Update process.

Interchange Action Request (IARs)

Our policy at Hollander is to write the Interchange to reflect the wishes of our clients. Our client contacts (road and trade shows, regional and association meetings, and calls to our support and Interchange departments) provide us with guidance on the Interchange. The latest input from all Interchange users is incorporated into this Interchange

release. We processed 446 Interchange Action Requests (IAR's); 182 implemented changes to the data, with another 76 providing additional Notes and Idents.
