

# Powerlink<sup>®</sup> Ad-Hoc Reporting

*Powerlink data has never been easier to access and analyze.*

Powerlink Ad-Hoc Reporting makes it easy for you to get the information you need to run your business out of Powerlink. The solution provides reports, pre-defined data exports, and a reporting database that together provide users at all levels a reporting option that meets their needs.

## Reporting Made Easy

- 60+ pre-defined reports simplify reporting for all users.
- Intuitive data views make it easy to export data and create custom reports.
- Utilizes the world's most familiar reporting tool, Microsoft Excel.
- Can be used with other reporting, analytic, and data visualization tools.
- Fully integrated with your Powerlink database.
- Runs on Powerlink servers, primary PCs, and PowerStations.
